# Welcome to the Liverpool Hope Moodle

This app supplements the existing Moodle web based facility. The app is currently available for Apple and Android mobile devices. You can download it by searching for Liverpool Hope Moodle in the appropriate App store.

Getting Started
Follow these simple steps to log in for the first time

Click "Continue with Login"   Select "Yes"   Login with your Hope username and password

Navigating the App
Once you have logged into the Moodle App, you can navigate using the simple menu system shown below.

Check your latest notifications

View your calendar events

Access all of your course content here

Read new private messages

Access your personal files

What can you do on the Moodle App?

The app allows you to quickly access materials held on Moodle including:-
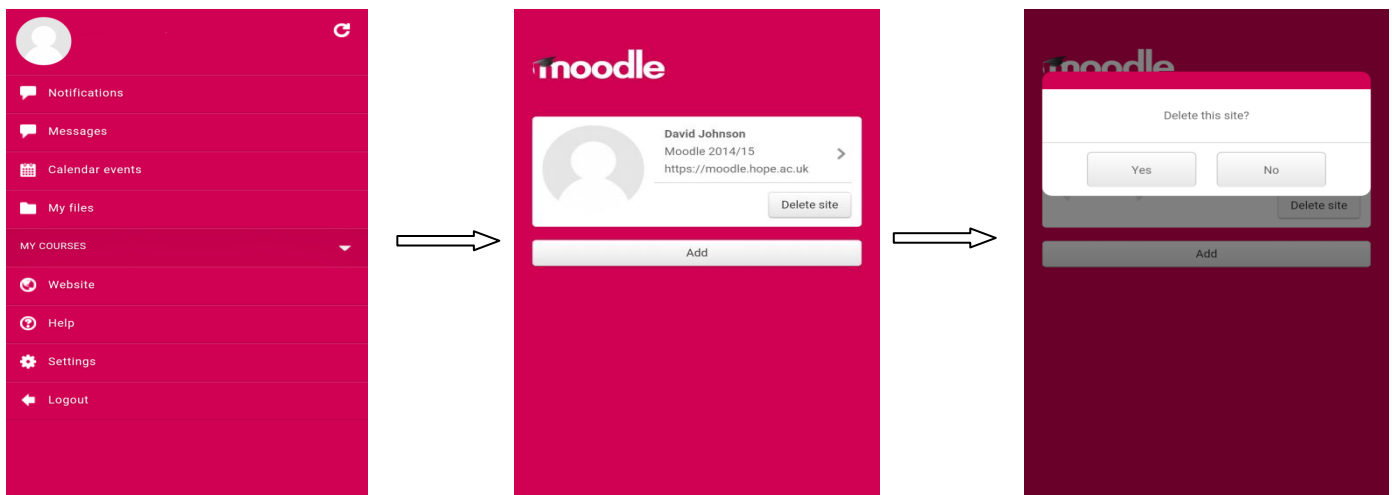

- Course content and resources
- Calendar events
- Private files
- Course participants
- Existing Notifications and Forum Posts
- Grades

Some features of Moodle are currently not available on the App and can only be accessed from the Moodle web site:-

- Uploading assignments including Turnitin submissions
- Accessing Reading Lists
- Completing quizzes / surveys
- Editing Moodle profiles
- Replying to messages
- Creating new content in forums

How to update your password

If you change your password, we advise that you log out and delete your profile on the as shown below:

Select "Logout"   Click "Delete site"   Click "Yes"

Once you have completed this, repeat the "Getting Started" process above.
